Trust in the Time of COVID: Best Practices for Culturally Responsive Care & Support

Keynote:

Aswita Tan-McGrory

Director of Disparities Solutions Center,
Massachusetts General Hospital

Plenary Facilitator:

Jonathan Jackson

Executive Director of CARE Research
Center, Massachusetts General Hospital

Goals

- » Define and apply culturally-responsive care and support
- » Discuss best practices for culturally-responsive care in the context of the ongoing COVID-19 pandemic
- » Outline gains in care for all populations by applying the culturally-responsive care model
